

PETITION

To the Legislative Assembly of Ontario:

Whereas, residents in Whitby-Oshawa do not want a McGuinty government harmonized sales tax (HST) that will raise the cost of goods and services they use everyday;

And Whereas, the McGuinty government 13% blended tax will cause everyone to pay more for gasoline for their cars, heating oil, electricity, telephone, cable, internet, and renovations for their homes;

And Whereas, the McGuinty government 13% blended tax will cause everyone to pay more for meals under \$4.00, haircuts, funeral services, gym memberships, arena ice and soccer field rentals, newspapers, veterinary care, lawyer and accounting fees;

And Whereas, this McGuinty government tax grab will affect everyone in the province – seniors, students, families, low-income and disabled Ontarians;

We the undersigned petition the Legislative Assembly of Ontario as follows:

That the McGuinty government not increase taxes on Ontarians during this current economic situation.
